Having been actively engaged in road building/water and sewer and/or heavy construction work in the Province of New Brunswick for LESS than three years. I/we do hereby apply for Provisional Membership in the Association. Upon fulfillment of Ordinary Membership requirements, I/we agree to re-apply for Ordinary Membership.

The address of our permanent office(s), (if more than one in the past three years, list all) is listed below:

I/We agree to accept membership subject to the rules contained in the Constitution and By-Laws of the Association.

Signature (and Title of Officer if an Incorporated Company)

For the first year, dues will consist of the base rate only, plus HST. In subsequent years, dues for a Provisional Member in the Association will be based on volume of work done for the Province of New Brunswick as reported in the Public Accounts Annual Report and/or work done for a private consortium partnering with the Province of New Brunswick.

All Provisional members will pay a base fee of \$600.00 per year. The balance of their dues will be calculated as follows and HST will be added to the total amount:

First \$5M @ \$0.3057 per \$1,000.00
Next \$5M @ \$0.2038 per \$1,000.00
Over \$10M @ \$0.1019 per \$1,000.00

Dues in the Association, in addition to funding our office salaries and overhead, support our efforts on behalf of the heavy construction industry, in obtaining Government funding to build roads, bridges, water & sewer systems, etc. Membership in NBRBHCA makes you an affiliate member of the Canadian Construction Association. CCA, through the "CICC/Canada" Program is working on behalf of all Canadians in ensuring that all levels of Government are aware of our decaying infrastructure, and the need to provide funding for the needed repairs. In addition to the above, our Committees have an attentive ear from Government and through liaison with Government personnel, put the views of our industry forward.

All members are invited to participate in the committees listed below. If you are interested in serving on one or more of the committees listed below, please number your preferences in order:

GRADING	_____
PAVING	_____
STRUCTURES	_____
MUNICIPAL INFRASTRUCTURE	_____
CONSTRUCTION TRAINING	_____
CONSTRUCTION SAFETY	_____
