Responsibilities:

- Perform all duties of associated mechanical and structural estimating, including estimating of labour & material components for projects.
- Facilitate the definition of project scope, goals, and deliverables.
- Define project tasks and resource requirements in order to develop full scale project plans.
- Lead the planning and implantations of projects.
- Implement and manage project changes and interventions to achieve project outputs.
- Liaise with various customers regarding customers regarding projects and quotations.
- Provide direction & support to manufacturing group on projects.
- Mentor & coach other estimating and drawing office employees.

Qualifications:

- Post-Secondary Degree in Engineering Technologist or Engineering.
- 10 or more years of relevant experience.
- CET certification or P Eng designation is considered an asset.
- PMP designation is considered an asset.
- Strong mechanical aptitude and design capabilities required.
- Knowledge of Steel Manufacturing is considered an asset.
- Proven ability to achieve high performance levels in a complex fast-moving environment.

- Ability to work independently or within a team.
- Ability to set priorities which accurately reflect the relative importance of job responsibilities and follow through on assignments with minimal direction.
- Ability to manage through teamwork and influence, as well as gain commitment.
- Solid communication skills, both verbal and written.

CFM is an inclusive and diverse work environment. We are committed to the principle of equal opportunity in its employment practices and to providing an environment free from discrimination and harassment for all employees, candidates, and customers.

Custom Fabricators & Machinists Limited committed to creating accessible environments for our colleagues, candidates, and customers. Requests for accommodation due to a disability (which may be visible or invisible, temporary, or permanent) can be made at any stage of application and employment. We encourage candidates to make their accommodation needs known so that we can provide equitable opportunities.

To apply, please email your resume to cedrecruitment@jdirving.com and put "CFM Sr. Estimator/Project Manager" in the subject line.
